

ISA Certified Arborists for Vegetation Management Quality Control Specialist

Job description

ICON Utility Services is seeking ISA Certified Arborists (Utility Specialist and/or TRAQ a plus) as Vegetation Management Quality Control Specialist. We are hiring positions at various levels. All positions are for full-time employment. Please do not apply if you are currently working on a similar PG&E project.

This will be a field-based, contract-dependent role. Professionals will be deployed to various locations within our client's territory throughout Central Valley North, including but not limited to: Angels Camp, Sonora, Jackson, Bear Valley, Groveland and other surrounding areas. The primary responsibility will be providing QC support to our Client's Vegetation Management Program. Typical work week expected to be 40 hours. All resumes will be reviewed for approval by the Client. Because of this, any offer for employment is contingent upon approval; and successful completion of a drug screen and background check.

Essential Duties and Responsibilities of Vegetation Management Quality Control Specialist:

- Inspect rights-of-way to assess vegetation conditions and determine required maintenance activities
- Research easement and land rights for widths, rights, and restrictions
- Meet with landowners to explain vegetation management work
- Mark work in the field where required
- Respond to public concerns and questions about the work
- Respond to contractor questions concerning work specification and requirements
- Document work activity using GIS equipped computer & custom work planning software
- Inspect work completed by contractors for compliance to utility specifications
- Provide support and assistance on special projects as assigned by the utility
- Ability to accurately identify tree, plant species and have working knowledge of growth rates and measurements

Requirements:

- Must be 18 years of age or older
- Arboriculture (Tree Work, Landscaping, PI, etc.): 4 years required
- Must be able to work in an independent manner with minimal supervision
- Punctual, professional, and detail- oriented
- Strong written and verbal communication skills are a necessity
- Customer relation and conflict resolution skills
- Ability to read and follow maps
- Must be proficient in using technology including cell phone, tablet, apps, GPS, Microsoft Office Suite, and range finders
- Collector App knowledge and experience desired
- Valid Driver's License with a Clean Record in good standing. Possess the ability to drive and operate a 4X4 vehicle
- Ability to be on your feet for long hours while working outdoors and in rugged terrain and inclement weather

- Current CPR/First Aid/AED certification
- Pre-employment drug screen and background check

Preferred Requirements:

- A 2 or 4-year degree in Arboriculture, Forestry, Biology, Environmental studies, or related field - or
- 7+ years of satisfactory experience working on electrical utility projects

Benefits:

- Health insurance, with vision and dental (beginning first day of the first month following hire date)
- Supplemental Insurance Benefits
- Paid Time Off
- Phone Allowance
- Company Vehicle with Fuel card

Schedule:

- 8 – 10 hour shift
- Monday to Friday
- Possible, but not guaranteed overtime.

Willingness to travel:

- 100% (Preferred)

Work Location:

- Multiple locations throughout Client's service territory.

Work Remotely:

- No

Job Type: Full-time

Salary: \$33.00 - \$45.00 per hour

Benefits:

- 401(k)
- Dental insurance
- Health insurance
- Paid time off
- Vision insurance

Schedule:

- 8 hour shift
- Monday to Friday

Education:

- Bachelor's (Preferred)

Experience:

- Vegetation Management: 7 years (Preferred)

License/Certification:

- Driver's License (Required)

Work Location: In person
